OUR MISSION

Helping Hands is Christ - centered help for people whose lives are in need of refuge and renewal.

“Helping is doing something for someone that they could not do for themselves...while enabling is doing something that they not only could, but should be doing for themselves.”

OUR VISION

- Helping Hands Gospel Mission (HHGM) sees 3 levels of help: Relief, Rehabilitation, and Development.
- Relief care is a short-term solution to a true emergency such as fire or physical safety. We will help within our means for such situations.
- Most of our work is done as rehabilitation. That entails helping people make changes in their lives by healthy choices. We will work with them setting goals and finding resources to get them to their goals.
- Development is a larger term, and HHGM will work with the community agencies and churches when a new program is developed for those in need.
- We believe people need to be healthy in body, mind and spirit. We can provide opportunities in all these areas.
- We work with area organizations and agencies to help people. Most churches refer those in need to HHGM to make the best use of community resources.

OUR BELIEFS

Our statement of beliefs can be found on our website:

www.HelpingHandsGospelMission.org

‘Truly I tell you, whatever you did do for one of the least of these, you did for me.’ Matthew 25:40

OUR PROMISE

We will do our best to offer healthy options, walking along side those in need with a jointly developed plan to move individuals and families out of their circumstances. We are proud to be faith-based and work with other churches in our area to make the best use of the limited resources available. We are the first contact for homelessness, but also assist with gas, food, Christian counseling, and other resources people may need. Getting help from HHGM is a process, and not a band-aid approach.
